#### Introduction to Higher Education

pathwaystohe.ac.uk reach@le.ac.uk

#### Who Are We?

Pathways is all about working with people, such as you all, to help you explore all of your options and reach for full potential through education.

Find out more by visiting our website: Pathwaytohe.ac.uk

Make sure you take a look at our Opportunities tab:

#### Who are you?

• What hobbies do you have?

- What job do you want when you are older?
- Do you have any pets?
- What are you good at?
- Who do you admire and why?

Tell me...

#### **Session Outcomes**

 Find out about student life – opportunities, studying, finance and accommodation

2) Explore and compare different university course options and requirements

3) Relate existing knowledge and interests to university subject areas and degree programmes

#### What's The Difference?

#### **Further Education (FE)**

FE refers to educational choices after you complete secondary education.

It covers all qualifications lower than a degree (level 4)

#### **Higher Education (HE)**

Applies to any form of education that results in a level 4 or above qualification.

#### ROUTES INTO HIGHER EDUCATION

#### Activity

### Choosing a qualification

### Picking a university

### Deciding on accommodation

#### Your learning and social needs

#### What Is An Undergraduate Degree?

An undergraduate degree is usually 3 years worth of study at a university of your choice. Methods of testing will vary but can include exams, essays, presentations, practical assessments and reports. Sandwich years and work placements are also possible.

Starting Level:	All undergraduate degrees start from level 4. If you have a HNC or HND that you are combining, your qualification starting level will be higher.	
Style of Learning:	This is entirely dependent on the degree you take.	
Grades:	The highest grade is a First. Further grades include 2:1, 2:2, 2:3	
How are they assessed?	Exams, essays, reports, presentations, practical assessments	
Length:	Academic UDs are typically 3 years. Nursing, some engineering and those attached to postgrad degrees will take longer.	
Subject Options:	There are over 36000 undergraduate degrees in the UK.

#### What Is A Degree Apprenticeship?

In a degree apprenticeship, you combine working for a company and studying towards a university degree. As an apprentice, you are employed and earn a wage throughout the whole programme, but will spend part of your time (around 20%) studying at degree level. A good CV is crucial for this process.

Starting Level:	These are available from level 4, up to level 7. They combine work with study and may include a combined qualification or a professional qualification relevant to the industry.	
Style of Learning:	Distance/Classroom style and requires independent study.	
Grades:	End point assessment.	
How are they assessed?	MCQ's, interviews, project, presentations.	
Length:	3 to 4 years depending on what level you start at.	4
Subject Options:	Varies every year. Varies on willingness to travel.

#### What Other HE Qualifications Exist?

HNC – Higher National Certificate & HND – Higher National Diploma are practical-based courses that can prepare you for either work after completion or studies at degree level. Foundation Degrees focus on a particular job or profession.

Starting Level:	HNC = Level 4 HND = Level 4 Foundation Degree = Level 4
Style of Learning:	This is entirely dependent on the degree you take
Grades:	The highest grade is a First. Further grades include 2:1, 2:2, 2:3
How are they assessed?	Exams, essays, reports, presentations, practical assessments
Length:	HNC is one year, HND takes two years Foundation degree is up to 2 years
Subject Options:	Business, computing, education, engineering etc

More info

There are a variety of different forms of accommodation at university.

- Shared facilities
- Ensuite
- Catered
- Uncatered
- Living at home and commuting

#### **Exploring the Learning Spaces**

Universities have different learning spaces

• Seminar rooms

PATHWAYS

- Lecture theatres
- Libraries
- Computer labs
- Laboratories
- Workshop spaces (engineering)
- And many more!

#### **Exploring my Financial Options**

#### **Tuition Fee Loans**

- Covers upto the full cost of your degree (9250)
- Is given direct to the university once attendance is confirmed (each term)
- All UK students are eligible regardless of household income
- Repayments are deferred until after graduation
- Repayments start when earing are above the current threshold

#### **Maintenance Loans**

- Used for general living coats
- UK student eligibility
- Based n household income
- Is paid directly to the student
- Repayment details are the same as the tuition fees

Student Finance England can provide tuition and maintenance support. Your University of choice may also provide a bursary or scholarship.

PATHWAYS

- Sports Scholarships
- Access Scholarships
- Care leavers bursary
- Professional Scholarships
- NHS Learning Support Funds
- Sanctuary Scholarship
- Women in Science Bursary

Both 'loans' could be viewed as a 'graduate tax' because neither will affect your future credit and finances.

#### **Student Life**

The other advantages of university

- Varsity sports
- International trips and placements
- Creative arts festivals and events
- Access to sporting, dance and
  - recreational facilities
- Student societies

#### What do you need to think about now?

#### In this session we have...

We've talked about the different types of qualifications Introduced you to the different types of LEVEL 4+ qualifications that exist:

Introduced some key words and phrases that you might hear. Looked at what other tings you will need to consider if you go to university.

PATHWAYS

We've talked about what's involved in an academic vs vocational courses We've talked about the different course types that you can choose from at HE

#### **Activity Recap**

#### What's Next?

unifrog

- Look at the university profiles
- Look at your course profiles
- Create your own career profiles
- Look at example personal statements for particular industry roles
- Check out up and coming Unifrog webinars for further advice and guidance
- Examine your strengths and areas to work on
- Use the information on your Pathways sheets to find the ideal academic future for you.
